

## Ensuring that **No Child Left is Behind...**

While the **No Child Left Behind Act** has resulted in many positive changes, students performing at or above grade level do not benefit equally with money spent on added interventions.

### **Voweletics™** will Benefit **ALL** Students

- ❑ Principles are applicable for all students of all levels.
- ❑ Understanding the “how and why” in determining correct vowel sounds in words, accelerates the learning process.
- ❑ This acceleration moves struggling readers forward effectively with newly acquired skills verses simply more drills using the same old techniques.
- ❑ Proficient readers capitalize upon the new skills for increased reading fluency, comprehension, and improved spelling.
